

Great small cities for millennials (or anyone seeking affordable urban spaces)

Great small cities for millennials (or anyone seeking affordable urban spaces)

By | Oct 15, 2015

Denton was named #1

The downtown square in Denton is noted as the cultural and political hub of the city. In fact, Redfin agent Connie Durnal states that "Denton is a quintessential college town that is known for its local music scene. The historic Town Square has a variety of shops and restaurants and high Walk Scores. Homes in Denton are more affordable than many of the suburbs that are closer in to Dallas."
